E. Elgar

9781800376960 2022. 10 464 pp. Hard

価格 (税込)

¥45,940

This comprehensive Research Handbook considers the place of human security, both in practice and as a concept, within international law, examining the preconditions for and consequences of applying human security to international legal thinking and practice. It also proposes a future international law in which human security is central to the law's purpose.
